

Features of the accounting system include:

Benefits for Parents and Students

- * When the account is prepaid you can be sure that your student is only using that money for milk or nutritious breakfasts/lunches served in the cafeteria. Lunch is defined as a choice of entree, milk choice, and up to three side dishes available to all students.
- * Flexibility in writing a note to allow your student to use the money on ala carte items and allows you to choose the dollar amount limit to be set on the individuals account.
- * Prepaid accounts for all students allows parents to deposit money in their students account in any amount, at any time, and not have to be concerned with giving their student the exact change every morning.
- * For those students receiving Free or Reduced meals, their meals will be rung up as all the other meals are. No one will know weather they are receiving a free or reduced meal or debiting their account except the cashier.
- * Lunch lines move faster when meals are prepaid, thus providing students extra time to enjoy their lunch period.
- * The ability to put a note on your child's personal account such as, No Poptarts or No Charging.
- * All ala cart items must be paid for with cash unless we receive a note from the students parent stating that account money can be used for ala cart items and the amount per day limit they would like on the account. This option is only good for ala cart items sold on the line or at the snack shack.
- * Pin pads are located at every terminal; they provide ease of use and allow for quick transactions. Students may use any register. When lunch or breakfast is recorded at one register, it will automatically be recorded on the other registers.
- * Prepayment allows for better security rather than cash.
- * Once the transaction has been completed, your student will know his/her account balance. Letters will be sent home as a reminder to any student who has a negative balance. We will not allow your child to go hungry.

Prepayment Options

- * You can send in a prepayment at any time. All payments should be submitted only to cafeteria personnel.
- * **You can prepay online at www.mynutrikids.com. You will need the 14011 zip code and your child's student I.D. (located on the front of this page).**
- * Full price Lunches for grades 5-12 is \$2.50, K-4 is \$2.25.
Full price Breakfasts for grades K-12 are \$1.10.
Reminder the student has one account for breakfast and lunch, so if you put \$25.00 on account it will just deduct the appropriate amount. Each students photo pops up on the screen for added security so no one else can use your childs account number.
- * Checks should be made out to: ACS Lunch Fund If you have students at more then one school it would be helpful to have one check per school, however if you have more then one student but they are in the same building one check with both their names on it will be fine.
- * Please be sure to write the student ID number on all prepayments, elementary students only need their name on the prepayment. They do not need the student ID number at this time.

You can call Mrs. Wicks at 591-0400 X 1195 at any time for your childs current balance.
