 RE: Lunch Prices

I Kris A. Wicks, would recommend a 10 cent increase in lunch prices for the 2012-2013 school year. I propose this increase to stay in compliance with the Child Nutrition Program and the Healthy Hunger-Free Kids Act of 2010, Equity in School Lunch Pricing Provisions. They would like us to be at \$2.50 per lunch at this time, but are only requiring us to go up ten cents at this point.

See chart below for lunch price impact from government regulations over the last couple of years. These increases are/were mandatory: I believe they are planning on having us raise school lunch prices every year, until we get to the amount in which the full price students are paying as much for a lunch as we are receiving for a free student meal. Right now, that amount is \$2.51, but it will go up each year because they want us to include inflation. This affects our school district much more than others because of our relatively low amount of free and reduced students. Last year they only required us to raise the price .05, this year they are requiring us to raise it by .10. The projected price increase for the 2013-2014 and 2014-2015 school years are based on the assumption that they will only mandate a .10 cent increase each year.

School Year	K-4	5-12
2008-2009	\$1.50	\$1.75
2009-2010	\$1.50	\$1.75
2010-2011	\$1.50	\$1.75
**2011-2012	\$1.55	\$1.80
**2012-2013	\$1.65	\$1.90
**2013-2014	\$1.75	\$2.00
**2014-2015	\$1.85	\$2.10
