Wellness:

Continue to support the students in their need for nutritional support. We believe you cannot teach a hungry student.

We will continue to participate in the USDA child nutrition programs, including the National School Lunch and School Breakfast Programs. We are committed to ensuring that our school meals are accessible to all students and meet or exceed the nutrition requirements established by local, state and federal law regulation.

*\*If you are interested in the volunteering for a health and wellness related event please contact the Health and Wellness committee chairperson or building administrator of the respective school.*
